YOUR TRUSTED TECHNOLOGY PARTNER

# AUDIO ARMOUR

Shield Your Audio, Elevate Your Experience

# Introduction

## **Shield Your Audio, Elevate Your Experience**

Audio Armour is a high-quality voltage stabilizer designed specifically for high-end audio equipment. Our product ensures a stable and clean power supply, guaranteeing optimal performance and longevity for your sensitive audio gear.

# Key Features

## **Advanced Noise Filter**

- Effectively blocks unwanted noise & interference
- Ensures pristine power supply for clear audio

## **Super Quick Response Time**

- 50 microseconds response time for rapid voltage fluctuation adjustment
- Unparalleled protection for your equipment

## **Comprehensive Protection**

- Low voltage protection
- High voltage protection
- Surge protection
- Spikes protection
- Short circuit protection

## **DG Compatibility**

- Fully compatible with diesel generators for outdoor events, remote locations, or backup power systems

## **Silent Operation**

- Completely silent during operation, ensuring no noise interference with your audio equipment

# Technical Specifications

- **Input Voltage Range :** 150 Vac - 300 Vac
- **Output Voltage :** 230 Vac  $\pm$  1%
- **Power Rating :** 1 KVA - 10 KVA
- **Response Time :** 50 Microseconds
- **Protection Against :** Low Voltage, High Voltage, Surges, Spikes, Short Circuit
- **DG Compatibility :** Yes
- **Dimensions :** 16" x 10" x 14"
- **Weight :** 20 kg

# Benefits

- Ensures stable and clean power supply for optimal audio performance
- Protects sensitive equipment from voltage fluctuations and noise
- Reduces risk of equipment damage and prolongs lifespan
- Silent operation eliminates noise interference
- Compatible with diesel generators for backup power systems

# Applications

- High-end home theaters
- Home audio setups
- Professional recording studios
- Live sound systems
- Broadcast equipment
- Critical audio installations
